Fahrenheit (°F) and Celsius (°C)

The United States is one of a few countries in the world that uses Fahrenheit (°F).

Boston temperatures during year

Fall: Mid-September to November
8 to 15 °C (46 to 60 °F)

Winter: November to mid-March
-17 to 3 °C (0 to 37 °F); **NOTE:** It can also be -5 °F but feel more like -10 or -15 °F

Spring: Mid-March to May
3 to 15 °C (37 to 60 °F)

Summer: June to mid-September
15 to 35 °C (60 to 95 °F)

NOTE: These are just estimates...every year is different, so pay attention to the forecasted temperatures. These can change dramatically from day to day and even hour to hour sometimes!

Pay Attention to the Temperature and the “Real Feel”

It could be 30 Degrees Fahrenheit and really feel like 20.

32°F =
0°C

HUMIDITY

SUNLIGHT

Try to Get Outside in the Morning When There is the Most Sun

Take a walk outside, even if it's cold! Best time is
before 2 pm

Getting around in winter

Uber/Lyft

Blue Bikes

Walk outside for at least 15 or 20 minutes per day

Be aware of Seasonal Affective Disorder (SAD)

If depression persists, talk to someone about it.

**Do physical activities
or regular exercise**

**Sit near windows
when you are indoors**

**Find time each day
to go outside**

Eat a well-balanced diet

Always Wear Lots of Layers

If you keep your head and feet warm, the rest of your body will feel warmer; don't forget a scarf, vest, and leggings for extra warmth!
